PRO SERVICES

Overview and History

ISF (Islamic Services Foundation) is a non-profit organization established in 1989 by a group of Muslim families in the DFW area, who recognized the need for high quality Islamic education and services to the local community. They set ambitious goals to establish educational institutions and services to provide high quality education in an Islamic environment that facilitates achievement and promote excellence to benefit the community and Ummah in the years to come.

The first ISF project, Brighter Horizons Academy (BHA), has blossomed into a fulltime PK-12 Islamic school with over 900 students and has graduated over 500 students. It provides high quality education in an Islamic environment, that raises students to become proud American Muslims, who strive to excel in Dunya and Deen, and to flourish into becoming future leaders of our thriving community. BHA provides students with a solid Islamic foundation to help them navigate the challenges faced by young adults in the society and empower them with strong ethical foundation that is grounded in Islamic teaching to help them overcome obstacles.

Over the last 30 years, ISF has developed 5 successful programs to deliver Islamic services to the community:

1. BHA (Brighter Horizons Academy) – PK-12 fulltime Islamic school
2. IQI, (The ISF Quranic Institute) – Full-time and Part-time Quran Hifz program for students of all ages
3. Salam Sunday School – Weekend Islamic school to serve students in public schools with Islamic education and knowledge
4. My Islamic Books Series – Publishing Islamic and Arabic curriculum that is offered to schools and learner in 3 continents
5. The Muslim Yellow Pages – Serves Muslim business in the DFW area

Letter from the Chairman of the ISF Shura

Khodor Elnashar
ISF Shura Chairman

Dear Community Members
Assalamu Alaikum,

Our goals this term was to create three active committees to help establish our operating model as we move towards a more organized and codified process of operating the organization. Through the Best Practices Committee, standard operating procedures and documentation for the organization were developed, including establishing this first Annual Report. Secondly, as a continuation from the previous term, a Constitutional Review Committee was established to further refine and advance our constitution and make it more resilient in the future. Alhamduillah, with 90% participation, the Shura Body passed 6 out of 7 constitutional amendments, including the amendment to establish an Endowment Committee as a first concrete step towards making the organization more self-sustainable in the future. Lastly, we created the Strategic Planning Committee to help outline 5-, 10-, and 20-year plans for the ISF organization based on thorough analysis, business case studies, and input from founders, shura members, parents, alumni, and employees.

This year, we conducted 3 General Body Meetings and one Emergency General Body meeting to seek approval for the purchase of a new property in Garland, Texas which will, insha'Allah, become the home of a new business entity for the organization.

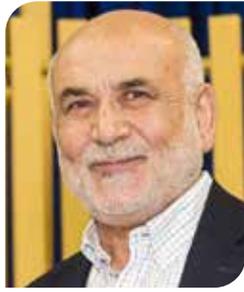

Our mission is to continue to strengthen the general body, encourage more volunteerism and engage and recruit more BHA Alumni to help carry the torch and execute future strategic plans. We continue to successfully engage our Shura General Body and all key stakeholder to make our organization stronger and more resilient.

We thank all general body members for their continuous engagement and support and for making the ISF organization stronger and unified in spirit and in action. Inshallah, together and with the help of Allah we will be able to achieve more and execute on our vision for the sake of Allah.

Jazzakum Allahu Khairan,

Khodor Elnashar
ISF Shura Chairman

Letter from the President

Hussein Qattan
ISF President

Dear Community Members
Assalamu Alaikum,

Two years ago, when we started our term as the newly elected Executive Committee with a broad agenda ranging from construction updates to BHA campus, solidifying the school leadership team, and pursuing new growth opportunities for the newly formed Endowment. Unfortunately, the elected ISF President was faced with health challenge and the Vice President, Br. Ammar Qashu, assumed the role. Alhamdulillah, the team came together remarkably well from every side and continued to execute on their ambitious agenda for their term.

The team continued with their construction projects for the campus, including fixing water damage to the ECE building, installing new parking lights, and initiating the construction of campus kitchen and auditorium hall. Furthermore, the team hired key positions to the leadership team and made key investment in order to continue to strengthen BHA and provide the best Islamic educational experience for our students and families. The EC is in the process to acquire a new property close to BHA campus which will serve as a dedicated pre-school campus. Among other key initiatives to streamline the organization, the traditional BHA Board was combined with the Executive Committee and formalized into a new ISF Board of Directors starting in 2023. We also dedicated significant effort to standardize and document processes for key operational areas in the organization and to establish modern document retention policies and migrate to a document digital repository.

We have been very active in our outreach efforts and continue to collaborate with local and regional Islamic charitable organizations with Islamic Relief, ICNA Relief, Maruf Foundation, along with other organization and community partners to deliver donations, food, clothing, and basic needs to our greater community at large in DFW.

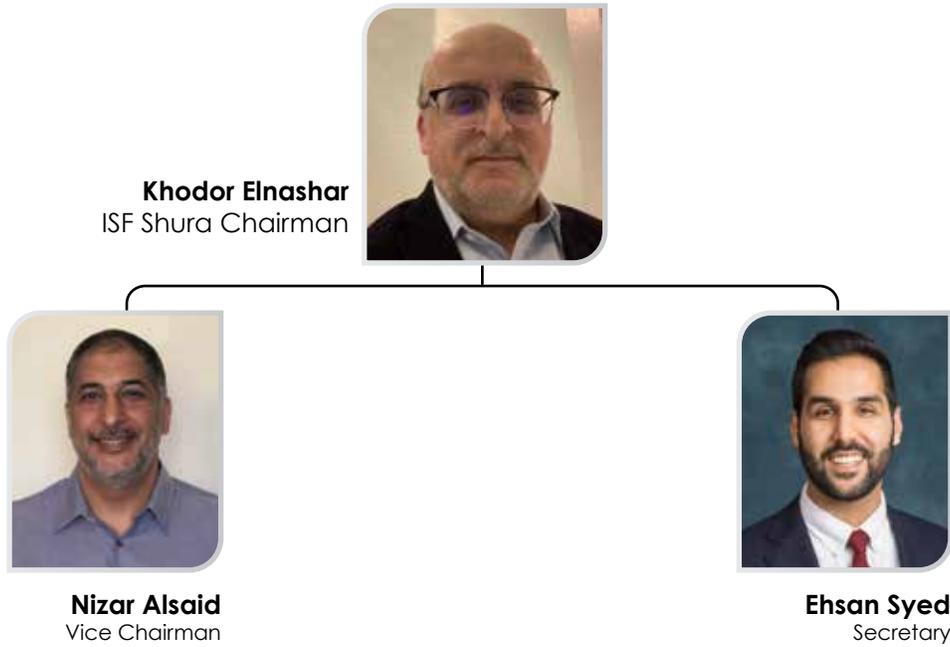

We look forward to 2023 with the newly elected Board of Directors to continue moving the mark forward in delivering high quality Islamic education to our students, building new bridges in our community and partnering and collaborating with other organizations for the common good and to best serve our community. We are also very excited about the new approved initiative to establish the ISF Endowment, and look forward to working with all key stakeholders to make it successful Inshallah.

Jazzakum Allahu Khairan,

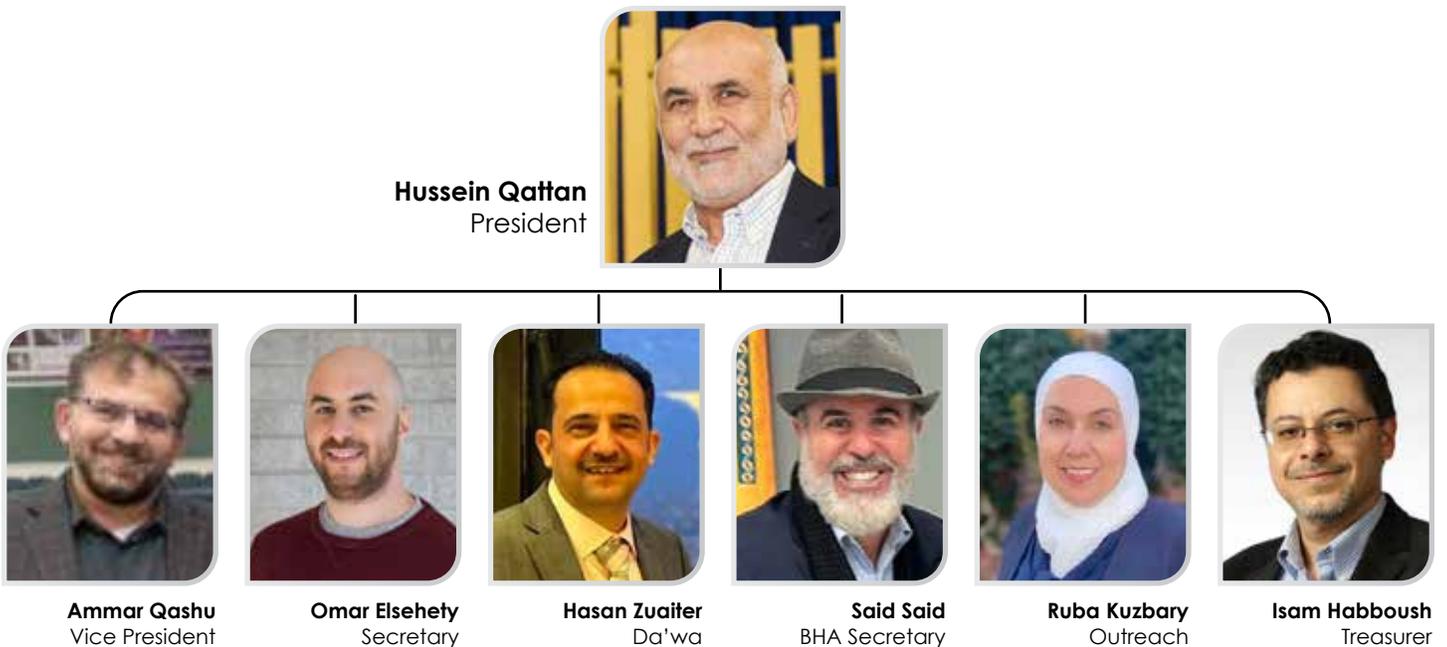

Hussein Qattan
