BRIGHTER HORIZONS
ACADEMY

OUR STORY

The Islamic Services Foundation [ISF] was established in 1989 with the vision of creating a full-time school that delivers exceptional academic instruction within an Islamic environment. From its inception, ISF has aimed to cultivate both individual achievement and community engagement, preparing students to excel academically while remaining grounded in faith and values.

This vision gave rise to **Brighter Horizons Academy [BHA]**, now one of the largest and most comprehensive Islamic schools in the Southern United States. **BHA** is committed to rigorous, high-quality education rooted in Islamic principles, producing graduates who are confident, principled, and proud Muslim Americans. Alumni consistently gain acceptance to top universities and pursue successful careers while upholding integrity, service, and leadership.

BHA's Approach: The academy integrates academic excellence with character development, spiritual growth, and community service, instilling in students a sense of responsibility and purpose.

WHY ISF ENDOWMENT?

BHA has flourished over the past decades, but our mission is far from complete. The next generation of Muslim Americans must excel academically and lead in journalism, politics, business, and civic life. They must navigate modern society, contribute to national dialogue, and advance social justice, fairness, and equity while proudly living their faith.

BHA aims to evolve into a **center of excellence**, modeled after the nation's top independent schools, with the strongest **Tarbiyah, Arabic, Qur'an, and Islamic Studies [TAQI] program**. Our vision extends beyond one campus, aiming to expand access across the DFW metroplex so every child—regardless of financial means—can benefit from a high-quality education.

Sustainability: Islamic schools have traditionally struggled to balance accessibility with financial stability. The **ISF Endowment** provides a stable financial foundation, allowing **BHA** to focus entirely on nurturing students who will become leaders, innovators, and changemakers for generations.

Community Impact: By investing in education today, we are strengthening our community, empowering future leaders, and ensuring that Islamic values and knowledge are preserved and shared.
